# LIGHTWEIGHT, POWERFUL AND COMPACT GAS NAILER.

The C5 Trak-It is a powerful gas nailer designed for driving nails into a wide range of substrates including steel, concrete, brick and hollow brick.

It is ideal for metal track installation as well as second fix nailing and attaching conduit clips and fittings.

DEWALT tools are designed to stand up to the demands of on-site use and the C5 is no exception with a host of features that ensure reliable operation and user comfort:

- The lightest and smallest tool in its class
- Less operator fatigue with a better overall ergonomic feel and extreme manoeuvrability
- Power output of 105 Joules for shooting into even the hardest concrete
- Smart fan – ventilator time computer adjusted to tool and environmental temperature
- Metal mesh suction filter provides highly effective dust protection

All DEWALT Anchoring and Fastening systems are thoroughly tried and tested to the latest construction standards across the world, including the latest ETA regulations.
